IN PURCHASE OF PAPER AND PULP MILLS

Options on Forty-Eight of Which Have Been Secured and Others Pending  
—The Deal Likely to be Consummated.

MILWAUKEE, Oct. 1.—A Daily News Appleton, Wis., special says:

The greatest syndicate deal since the purchase of the American breweries by English capitalists has just been concluded, and unless something unforeseen occurs all the paper and pulp mills on Fox river will pass into the hands of an English syndicate on April 1. It is learned from parties interested in the sale that every paper and pulp maker on Fox river, with two exceptions, has signed a contract giving options on all mills, machinery, water rights, leases and other properties. The option is good for six months from October 1.

The two firms who have not yet signed have agreed to do so Monday. The reason for the delay is to gain time to complete schedules of the properties, which must be attached to the options when delivered to the syndicate in London.

The properties involved in the deal include twenty-nine paper and twenty-one pulp mills, situated at Neenah, Menasha, Appleton, Kimberly, Little Chute, Kaukauna, Combined Locks and Depere, along Fox river for a distance of twenty-five miles. The value of these plants is estimated at \$10,000,000. The daily product, when run to their normal capacity, amounts to 1,800 miles of paper in a sheet seventy-six inches wide, and 300 tons of pulp. The value of the product is about \$50,000 daily. The terms of the options provide that the value of the plants be reckoned on the basis of the actual cost of mills and machinery, the present value of the water rights and leases, and the earning capacity of the mills, shown by past business records. The payment for the properties to be half cash and half in three-year notes to be secured by mortgages on the mills and power.

The deal has been worked up by Frank Butterworth, of Chicago, acting as agent for an English syndicate, composed of some of the leading financiers of London. The project has been on foot several weeks. When first made public it met with considerable opposition. It was charged that Butterworth was acting entirely for himself, and that he would get as many options as possible and then peddle them on the money market. Inquiry in England by interested parties exploded this theory and showed Butterworth to be acting for a thoroughly organized syndicate with unlimited backing. This fact established, the owners took hold of the project with full confidence, and the deal has been pushed to success.

The original plan provided for the control of all plants in the state. It is believed that now they, the Fox River plants, which comprise three-fourths of the industry in the state, have been secured, the plants of the Wisconsin River and other districts, valued at \$3,000,000, will also sell.

Little change will be made in the management of the business under the new proprietors. The present active owners are to be retained as managers, as also are all heads of departments in the mechanical portion of the mills. The greatest change will be in the clerical departments. An office will be established at Chicago in which the business of all the mills will be transacted. An immense warehouse will also be established there, from which all sales and shipments will be made. In this way the cost of marketing the product of the fifty mills will be reduced to a small fraction of the present cost. The sale will have no effect on the general business of this locality, or upon the employees of the mills, and is generally regarded with complacency.

### A MARVELOUS ESCAPE.

The Entombed Miners at Carbondale, Pa., Rescued Alive—Great Rejoicing.

SCRANTON, Oct. 1.—Rescued from what was believed certain death on Thursday when a portion of the workings of the Northwest colliery at Simpson, near Carbondale, caved in, William Mitchell, George Arney, John Fanning and Andrew Klappowsky are today the objects of demonstrative rejoicing in the village.

When the cave-in occurred their death was regarded as certain, but Saturday, when it became a certainty that all four were alive, there was almost uncontrollable rejoicing. The rescuers pushed their work more vigorously then, and they pierced the black wall five hours earlier than expected.

Their escape from death is regarded almost a miracle, considering the extent of the cave-in. They had heard the warning of the cracking roof and fled to a place of safety before the fall reached where they were.

HEADACHE is the direct result of Indigestion and Stomach Disorders. Remove these by using DeWitt's Little Early Risers and your Headache disappears. The favorite Little Pill everywhere. C. H. Dawson.

Mrs. Jones was thrown directly under the car and received injuries from which she died a few hours later. Mr. Jones received slight injuries.

—At 3:30 a. m. Saturday Alex T. Peterson, of Kenosha, Wis., was waylaid by four men in Chicago and robbed of \$70 and a gold watch and chain. The men were pursued by Peterson who succeeded in capturing one of them, Thomas Harvity, when the latter drew a revolver and shot him three times, probably fatally wounding him. Harvity and his three companions were arrested.

County Superintendent of Schools,  
JOHN G. KELLER.

We have heard a great deal about reform since 1876 and we have had some of it; but what can be said in favor of a reform which retires a Blaine or a Harrison for a Cleveland or a Gresham; a John J. Ingalls for a Peffer or a MacVeagh; a McKinley or a Reed for a Crisp, a Wilson or a Springer, and which furnishes but one man pure enough and broad enough, and long enough to cover all reforms and reforms without being politically disjoined, one man—David B. Hill.

When James G. Blaine returned from Europe in the campaign of 1888 he said: "The progress of the campaign in the United States is viewed from the European standpoint with an interest as profound as it is in the United States. It is the opportunity of England. It is the long-looked for occasion upon which the cheaper labor and the cheaper fabrics of the old world expect to invade the new and lower the wages of American workmen to the European standard."

Now listen. Europe was then exulting over Cleveland's free-trade message of 1887. Cleveland was again a candidate and all Europe wanted him elected; not because they preferred him as a man, but because he and his party represented a policy that would help England and France and Germany. The Democratic party was defeated in that campaign. The tariff was revised with due respect to protection to American industries, and the result was that our manufacturing interests were enlarged and those of Europe, especially those of England, were diminished. The Democrats carried the country in 1892 and formulated and passed a tariff bill along the line of free trade. It depressed our industries. The reputed author of the bill is now in England, where he was recently feasted by the British, and this is what they said to him about the results of his tariff bill on English industries:

Benefits have already been experienced in England. Furnaces have been reopened in Wales and Yorkshire, and an impetus has been given to the textile industries, and England owes a debt of gratitude to Mr. Wilson and his colleagues in congress; and it is hoped their action is not final.

England wants the Democratic party retained in power because it legislates in the interest of England and against the prosperity of their own country.

## Was it Opportunity Lost.

The History of the United States does not record the story of any party which had so magnificent an opportunity as the Democratic party has had since 1892 and that opportunity thrown away.

This is a marvellous declaration and must proceed on the assumption that the principles of the Democratic party are such that if faithfully carried out that party could give the country better and more patriotic laws than the Republicans gave it. It proceeds also from the disposition of the leaders of that party, and those who sympathize with it, to make excuse for its failure and load its sins of omission and commission upon others. The *Herald-Dispatch* in 1890 and also in 1892 did what it could to aid the Democratic party to get into power. In those years it assumed that the tariff should be "revised by its victims." It assumed that the McKinley bill was wrong in principle; that it would advance the price of everything and would not aid American labor, in short it took all the positions selected by the Democratic party to shell the Republican camp. The Democratic party came into power; its leaders and everyone who sympathized with that party, expected everything to run smoothly and they were disappointed and confused when the opposite was the result. These sympathizers are now making excuses for their lack of foresight and conclude that the Democratic party has failed to profit by a "magnificent opportunity."

After the McKinley tariff act had

been in operation a year, the labor commissioners of New York and the same officials in Indiana both reported that industries had been stimulated and multiplied; that labor was better employed and that wages had been increased while at the same time a day's labor bought more of the necessities of life than ever before. In addition to the testimony of these experts, a committee from the United States senate of which Mr. Carlisle, the present secretary of the treasury, was a member, thoroughly investigated the effects of the McKinley act on the business of the country, and that committee unanimously reported that industries had been stimulated and multiplied; that wages had advanced and the prices of the necessities of life had diminished. The "magnificent opportunity" of the Democratic party, then, must have in the most important sense, involved creating better conditions than the country enjoyed in 1891 and 1892. It was upon the promise of the leaders of that party to accomplish this that it was entrusted with the control of the government. The masses who voted the Democratic ticket expected better wages, cheaper goods, and more prosperity. There was not a Democratic leader in the country from Grover Cleveland down or up, while they did not expect the success of the party would bring prostration of business, who thought for one moment they could make the country more prosperous? They knew better.

What then was that "magnificent opportunity?" And we to understand that in case the Democratic party had carried out the promises of its Chicago platform in enacting a tariff law, it would in that case have taken advantage of its opportunity? It was the fear that it would follow its platform that disrupted our entire business system and exchanged prosperity for prostration. Had it done so would that have in the opinion of the *Herald-Dispatch*, given the country more prosperity than it had in 1891 and 1892 and made the Democratic party invincible?

If it so believes, then we can comprehend the meaning of its plea that the Democratic party lost a "magnificent opportunity." It means that the party was defeated by the so-called traitors and that this is a sufficient reason why the party should have another trial.

Voters should not allow themselves to be deceived by these apologists, for a party, which by its very organization, its lack of any principle upon which it can agree, must be unable to legislate in the interest of this country. It cannot have an opportunity because it succeeds only by deception, which alone is sufficient to render it impotent. One might as well talk about a man who never saw a piano, losing a magnificent opportunity to play that instrument, because he happened to be in a room in which there was one.

## THE SPRINGFIELD RACE.

### Pinky Batchelder, the Winner of the Two Mile Handicap.

A great many Decatur cyclists visited Springfield on Saturday and witnessed the bicycle races at the State Fair grounds. The day was a windy one and the gale was terrific on the stretch. The races were run under the auspices of the C. C. C. C. of Springfield and from the Springfield point of view, were successful. F. B. Mueller, of this city, officiated as starter and Lute Shellabarger was one of three umpires.

THE EVENTS.

One mile novice--W. B. Miller, Chicago, won; R. B. Shorb, Chicago, second; J. T. Swarthout, Chicago, third. Time, 2:31.

In this race G. B. Rogers, of Riverton, a brother of L. E. Rogers, of this city, was a favorite but fell at the quarter pole and pulled.

Half mile open--W. D. Decard, Chicago, won; M. Nelson, Chicago, second; C. W. Davis, Chicago, third. Time, 1:20 2-5. The first heat of this race was run in two sections, the best time being 1:10.

One mile open, class B--E. W. Ballard, Chicago, won; Will Evans, Lansing, Mich., 2d; Morris Townley, Indianapolis, Ind., 3d. Time 2:47.

Two-mile handicap--C. S. Batchelder, Decatur, 340 yards, won; S. G. Singleton, Attica, Ind., 310 yards, second; W. P. Dittler, Peoria, 350 yards, third; W. S. Muller, Chicago, 360 yards fourth. Time 4:32 2-5.

Pinky Batchelder, who led the first mile, was fourth man in the second lap until within one hundred feet of the goal when he was seen to stand straight up on his heels and push past everyone ahead and finished while the grand stand almost went wild with cheers. They kept cheering until Pinky made his appearance on the track and bowed his respects.

One-quarter mile, open--C. W. Davis, Chicago, won; E. E. Anderson, Roodhouse, second; W. J. Klinger, Terre Haute, Ind., third. Time, 3:25.

Five-mile handicap--Will Evans, Lansing, Mich., 35 yards, won; James Levy, Chicago, 50 yards, second; J. W. Coburn, St. Louis, 25 yards, third. Time 2:14 4-5.

Two mile, Capital City, handicap--M. E. Thayer, scratch, won; B. F. Edwards, 200 yards, second; F. W. Killius, 200 yards, third; J. H. Caldwell, 100 yards, fourth. Time, 5:13 2-5.

One mile--P. W. Klinger, Terre Haute, won; M. Nelson, Chicago, second; W. D. Cardy, Chicago, third. Time, 2:23.

Quarter mile, open--Class B--J. W. Coburn, St. Louis, won; James Levy, Chicago, second; W. Ballard, Chicago, third. Time, '35.

Five-mile handicap--W. D. Cardy, Chicago, 320 yards, won; W. E. Kenyon, Chicago, 350 yards, second; C. H. Peck, Chicago, 120 yards, third; W. P. Dittler, Peoria, 750 yards, fourth; L. E. Rogers, Decatur, 525 yards, fifth. Time, 12:17. In this race, out of twenty five starters twenty-three finished.

"Pinky" was right in it in this last race, and finished three miles in good shape; but later he received a hard fall with four others, and all dropped out of the race. L. E. Rogers was a sure winner in this event and was a sure winner of fourth place, but he sat up and back-pedaled, thinking he had a cinch on the place.

PEDALING.

The world's novice record is 2:20 and the novice time at Springfield was 2:31. F. B. Mueller says the entire push that was present at the Springfield meet will be here Saturday, Oct. 13 and contest in the Decatur races.

J. W. Coburn, of St. Louis, James Levy, of Chicago, both class B men, and E. E. Anderson, of Roodhouse, and W. M. Staley, of Chicago, both class A men, have sent in to Secretary Mueller their entry blanks for the races here on the 13th meeting. All four men are well known and fast riders.

State Fair Receipts.

SPRINGFIELD, Ill., Sept. 29.--Springfield has eclipsed all previous records this week in the attendance and receipts at the State fair. The aggregate receipts for the week amount to more than \$50,000 and are nearly \$10,000 in excess of the biggest week during the last years the fair was held at Peoria and about \$15,000 in excess of Peoria's other weeks. When due allowance is made for the hard times and the scarcity of money the showing made by Springfield this year becomes still more creditable. The gate receipts today were about 21,500, although it was the last day of the fair and the work of removing the exhibits was going on all day.

Baker Will be Brought Back.

LONDON, Ont., September 29.--County Judge Elliott delivered judgment in the extradition suit against Wm. Baker, wanted at Springfield, Ill., for robbing the Wabash Railroad station there on September 3. The judge refused to hear testimony for the accused and committed him for extradition on two charges. Baker will remain here fifteen days during which time his counsel will have the privilege of taking habeas corpus proceedings by appealing to the minister of justice.

## THRODS AT A CHURCH WEDDING

### An Illinois Man Comes Back to Wooster for a Bride.

Wooster, Ohio, Daily Republican, Sept. 28. Never before has it held and probably never again will the Church of God on East South street hold such an audience as crowded into its four walls last evening to witness a public marriage. The edifice comfortably seats 400 but last night at least 1,000 people men, women and children from all stages of society packed every inch of space. The two stairways and the hall were at times so impossible to move. Fully 200 people were unable to secure admission and from 200 to 300 stood about the yard and in the street. That no one was injured in the crush is a little less than a miracle. Just before the services began one of the seats broke down with a crash under its great weight and it seemed as though a panic would ensue, but just at this time it was announced that the bridal party was entering the church. The stairway and aisles were so crowded that the parties had difficulty in getting to the altar.

The contracting couple were Mr. John P. Weinbrenner, of Decatur, Ill., and Miss Mattie Blessing, daughter of Mr. and Mrs. John Blessing of the Third Ward. As the couple came down the aisle preceded by the bride's father, the church organist, Miss Flora Matz, executed a wedding march. The bride was gown in white dotted Swiss, white hat and wore a corsage front of roses, the groom was in black. Reaching the altar they took position under an evergreen arch. The pulpit was banked with flowers and potted plants. Occupying front seats were the little girls composing the Sunday School class taught by the bride. The marriage service was impressively performed by Rev. Thomas W. Bellingham, assisted by Rev. Daniel Outstott, of Dover, N. H. Immediately after the knot had been tied, one of the little girls arose and walking to the bride presented her with a basket when the others, nearly 40 in all, went forward and placed bouquets in the basket. Congratulations and then extended by the relatives and members of the church, after which the newly wedded pair withdrew and were taken to the home of the bride's parents on Blessing avenue. They left at noon for Decatur, Ill.

The bride has greatly endeared her self to the members of the congregation by her work in the Sabbath school and church. The groom is well advanced in years, having passed his 74th year. He is a nephew of Elder John Weinbrenner, deceased, and away back in the 50s was engaged in dry goods business in Wooster, and was active in the church. While here three years ago to inter the remains of his first wife, (who was a sister of B. F. Purdy) he met the lady whom he wedded last night. He is now employed as a dry goods salesman.

The couple are at home to Decatur friends at 535 North Edward street.

## BOUGHT THE BLENZ PLACE

Slaughter House Property Sold to Captain Kanan for \$6,500.

A real estate deal of vital interest to property owners in the west end was closed today, being the sale of the Adam Blenz slaughter house land, at the end of West Eldorado street, just east of Fair Lawn Park, to Captain M. F. Kanan, the cash consideration being \$6,500. There are 7 1/2 acres in the tract, on which there is a big slaughter house, a packing house, several stables and sheds and two residences. The deal has been under consideration for some time with Peter H. Brueck as the agent. Mr. Blenz is a resident of Spokane, Wash., and the deed was sent to him to sign. It came back to day duly signed and to-day all conditions are complied with. The people will wonder what in creation Captain Kanan wants with slaughter house property. The REPUBLICAN reporter asked the captain to day what he was going to do with it. He answered that he really couldn't say, as he had not yet determined what he would do with it.

## Ward and Vokes.

Those two champions of comedy and burlesque, Ward and Vokes are billed to appear at The Opera House next Tuesday evening Oct. 2 and from the extensive preparations made for the success of this attraction and the popularity of the stars, it will no doubt be one of the big winners of the season. The first performance will go down on record as the smoothest and most perfect ever given on a first night in farce comedy. Farce comedies are made, not written, although Chas. E. Blancy has succeeded admirably in producing a good story to introduce these stars and a clever company. Some idea of the success of the attraction can be had from the fact that every time Ward and Vokes come upon the stage they are greeted by a round of applause, and in the last act when they do their famous specialty "Percy and Harold" the theatre fairly rings with the continuous bursts of enthusiasm. The supporting company includes such clever artists as Al. Grant, Harry Blancy, Tony Williams, Anna Caldwell, Clara Bell, Inez Rae, Maggie Daly, Stars Kimball and Marie Darcy.

## Miss Nora Welton's Curiosity.

Special officials of the postoffice department have swooped down upon Miss Nora Welton, the assistant at the Argentine postoffice. The detectives used decoy letters and discovered that letters sent through the Argentine office by a certain young man to a young lady acquaintance have been opened and read by Miss Nora. It was a case of curiosity and jealousy, and the evidence of guilt was so plain that Miss Nora Welton has confessed. It is probable that the young lady will have to go to Springfield to answer in the United States district court.

## THE LAKE CITY MEETING.

### A Live Lot of Republicans Who Know How to Conduct a Campaign.

The Republicans of Lake City are all alive and enjoyed a rousing meeting last Friday evening when W. F. Calloun and Capt. Kanan, of this city visited the local club.

The speaker of the evening, Dr. Calloun, delivered an earnest, interesting address, strong with telling points and convincing arguments which claimed the undivided attention of the large audience which filled every inch of space in the spacious hall. Several democrats were present and if not convinced were led into a serious train of thought which may result in good before the November election.

The Lake City Republican club was organized last February and is composed of an earnest, hard-working set of men. The officers are: President, Wm. Barry; vice-president, G. L. Selders, secretary, Wm. Dickson. These gentlemen are alive to the best interests of the club, and see to it that the interest in the work is not allowed to falter. The active membership numbers about 50 and accessions are received at nearly every meeting. A glee club is an interesting feature and is made up as follows: Sopranos, Lucy Dickson and Mrs. Stockman; alto, Nora Lovejoy; bass and tenor, G. Selders, Foss McMullin, Ben Lewis and Wm. Dickson; organist, Mrs. Leona Lewis. The club rendered two selections Friday evening, the closing song, "The Sugar Coated Congress," fairly brought down the house.

Lake City is one of the most important grain shipping points on the Vandalia line, and the elevator men are kept on the jump caring for loads of grain which are constantly flowing in from the fertile and well tilled farms which surround the village.

Sugar cane is largely cultivated in the vicinity of Lake City, and J. F. Marlow, who runs the mill and molasses works, is the busiest man in town.

The Republican club holds a meeting every Friday evening, and generally the sessions are well attended. J. B. Sharrock, of Taylorville, is billed for a speech next Friday evening.

## JERSEY NEGRO'S BIKE.

A Jackknife, a Drawknife and a Hatchet the Tools He Had to Work With.

The man who made this wheel was an ingenious darky who lives at Elberon, N. J. He got the bicycle craze and got it so bad that the lack of money to buy one only whetted his ambition. He had a jack-knife, a draw-knife and a hatchet and there were plenty of trees, boards and barrel heads around Elberon. With these primitive materials he constructed this queer vehicle, says the New York Recorder. The wheels are made from heads of a barrel, the larger front driver being two inches thick. Both have rubber tires, he having taken old hose and nailed it on the edges, because he was bound to have "pneumatics" anyway. The cranks are in two pieces. The backbone is as thick as an arm. It was hewn out of a small tree. The entire machine is of wood, fastened together with nails and screws, with the exception of two hinges that hold the backbone to the front frame and handle-post. Although unridable, the builder managed to start the thing at the top a hill and get to the bottom, pushing it up and repeating the performance.

It was while indulging in this amusement that the cyclist was seen by E. J. Day, of New York. He made the negro happy by purchasing it for a sum sufficient to buy a good wheel, and took his find to New York, where he placed it among his curios.

## Miss Roach Entertains.

Miss Bertha Roach entertained the members of her Sunday school class Saturday afternoon, from 2 to 4, at the home of her parents, Mr. and Mrs. J. F. Roach. Refreshments were served and the little folks had a royal time. Those present were Samuella Young, Lucille Carter, Lucille Bragg, Helen Summers, Helen Bishop, Marie Myers, Maud Myers, Mabel Dwyer, Eunice Hartley and Cora May Montgomery.

## A Benefit Game.

The members of the fire department are getting in shape for a benefit game to be played soon. A picked nine from the fire department, with an imported battery, will go against the J. D. Moore team. The proceeds of the game will be for the benefit of Tom Enlow, of the fire department, now confined to his home with a broken leg, received at the old opera house fire.

## Meeting To-Night.

All committees appointed for the reunion of the Ohio Veteran association of Illinois, which will be held here this week, are requested to meet this (Mon. day) evening at the office of J. M. Ciokey, at 7:30 o'clock.

JOHN A. ARMSTRONG, Ch'm'n.

## AN ABORIGINAL'S LAMENT.

The sorrowful Mutilations of an Old Pottawatomie.

O, Great Master, the pale face comes and the red man is driven from the face of the earth! The land that was ours is gone from us and the rocks are our bed and the leaves our cover.

We sigh in vain for yesterday, we have no hope, no comfort for to-morrow. All our greatness is gone and the red man's days are but few.

I return to the land of my fathers. I gaze on the placid river, O, that I might die and sleep here where the great Waubesa breathed the air, beneath the same trees which have sheltered him.

O, where are the friends of my father? Where is the war chief, Waubesa?

Here I stand where my tribe once roamed, but no vestige of the powerful Pottawatomies remain. The lake and the river on which my canoe was wont to glide know not the dip of the red man's paddle. Where once I moored my canoe to the shore now the great steamer is at anchor and the dip of my paddle is heard no more forever.

Here the Kickapoos caught the great fish which weighed nigh to the half hundred and now the pale face gathers in the half pound infant of the deep and calls it game. Alas, O, my Master, I sigh for those golden days but they are no more.

No more does the flint tipped arrow tell the deer and the woodland sounds no more with his bounding footsteps. Upon the brink of the flowing river comes the gentle bovine in his stead. The majesty of nature is dwarfed and numbed in the march of the white man, and on his trail is naught but nature's ruin.

I gaze on the camp of the white man and hear him call it Chicago. O, Nanseeb-zio forgive the cruel white man for destroying the peace of the great shabance.

Here I seek in vain for the wigwam of my sire and find in its place the schoolhouse of the white man.

Here I turn to the spot where the great chief held his councils and where the pipe of peace was smoked by the great warriors and find a temple of the city. The brick walls rise on the spot where the deerkin was spread and the great trees have been taken away. The memories of the red man have been buried beneath the white man's ax and trowel.

Here where the great Waubesa held council with the peace chief; here where the Mascoutins and the Winnebagoes assembled in opposition to the great Black Hawk, now the pale faced chief, the mayor, gathers his peace warriors about him, and resolves to despoil the land of the red man.

O, great is the work of the pale face; great is the civilizing influence of the usurper.

Why do we suffer ourselves to be banished from the land the Great Master gave us? Is it for the treachery of Naunooke or the murders of Red Bird?

Where the trail ran to the great lake on which my fathers floated their canoes and shot the wild fowl; the lake which we knew as the "Big Foot," now runs the iron rail and the pale faces which inhabit the groves of my ances tors go thither but they call it the lake of Geneva. O, memories of Kishaukon, wherefore are the idols of my sire so shattered? All about me is desolation and I turn from the scene which I sought, to return to the land of the setting sun, driven thence by the remorse less usurpers. The pale face has no love for our memories and our traditions he regardeth not.

O, and is the heart of the red man! Where I woud my squaw I now behold the home of the law chief who knows not the word of justice. On the same swamp where my pappoose paddled is now the high temple and the homes of the pale faces are swept from my mind as I behold the works of the despoiler and the dealings of the despot.

Where the war dance made the air ring I now hear the brass band playing "McGinty" and the tolling of the bells in the towers tell of the departure of the red man, who worshipped the Great Master in the quiet groves where the sky and the trees were not shut out.

To the red man nature was the highest art, and as I sat in my canoe with Osage and my little pappoose, floating between the green banks, over the silvery waves, I saw the Great Master in everything. There was no black smoke, no walls and fences to mar the beautiful land which the Great Master gave to the red man.

O, gone are the days of my youth and the memories of my sire, and the beauty of our be-muffled land are forever buried under the upland and the plow, the hammer and the wheel.

I wrap my blanket about me and go my way. My fathers and myself are forgotten and the land of our liberty shall know of us never again.—Arkansas Traveler.

**Street Cars for Mail Purposes.**

Washington, Sept. 30.—Second Assistant Postmaster General Nelson is giving a great deal of attention to special mail service in large cities, showing the surface car lines, with the view of having mail cars run over them. He expects to give attention especially to carrying the mails on electric cars which run from the centers of cities to the suburbs and to adjoining smaller towns. Cable cars may be utilized where possible, but Nelson is of the opinion that only on electric lines running long distances will it be profitable to carry mails.

## TWO VISITING MINISTERS.

Rev. F. W. Imboden and Rev. G. S. Williams Delivered Good Sermons.

The Rev. Frank W. Imboden, youngest son of John Imboden, Esq., this city, occupied the pulpit at the First M. E. church Sunday, and delivered a strong sermon on the personality of Christ and the joys and blessings of the christian religion. It was Rev. Imboden's second sermon in the church in which he grew to young manhood. There were many in the large congregation who knew Frank when he was a little boy and it was a privilege to hear him expound the gospel, standing before old friends in the strength of his manhood. It was a gospel sermon which treated largely of Christ and his example on earth, his sufferings and crucifixion and his ascension, followed by lessons to young and old, who were exhorted to accept christianity, do good on earth and prepare for the bliss promised followers of Christ in eternity. Rev. Imboden has been a member of the Central Illinois Methodist Conference for several years. He will be at Manteno near Chicago this conference year. He has a good, strong voice and his manner in the pulpit is dignified and impressive.

Rev. G. S. Williams, of Bristol, Tennessee, filled the pulpit at the Baptist church Sunday. He preached two able sermons and was well received by the congregation. He, in fact, gave more general satisfaction than any who has occupied the pulpit since the death of the pastor. He is a gentleman of fine presence, a good reasoner, and is blessed with a good smooth voice, and is a young man. It is not putting it too strong to say that he pleased everybody who heard him. His theme in the morning was "My Word Shall Not Pass Away"; at night, "The Mortality of Man."

**The Camp Meeting.**

A special meeting of the citizens' committee, appointed to secure the Dunkard national camp meeting for Decatur, will be held at the St. Nicholas this evening at 7.30 o'clock. All public-spirited citizens are invited to be present. Important action will be taken.

**A THROWN SWITCH**

Causes One Death and the Fatal Wounding of a Second Victim.

TOLEDO, O., Sept. 30.—While going at the rate of fifty miles an hour passenger train No. 49, the Wabash Pacific express, due here at 7.20 a. m., ran into an open switch a mile west of Maumee, shortly before 7 o'clock this morning. Engineer F. N. Smith was instantly killed and Fireman A. H. Day received injuries which will likely cause his death in a few hours. The locomotive left the track as it entered the switch and turned over with the drivers up, pinning Smith and Day underneath. The mail car, too, was derailed, but escaped damage. None of the passengers were hurt. Smith and Day are from the east, and had been with the road only since the recent strike. Both are married. The switch had been thrown by some unknown person and the target set to show it was all right.

**A Bold and Successful Robbery.**

TIFFIN, O., Sept. 30.—Four masked men approached the home of Levi Keller, a wealthy farmer of Reed township last evening at dusk, successfully secured Mr. and Mrs. Keller, their hired man and a neighbor who came to their home on an errand, bound them to four separate beds and ransacked the house, securing about \$80, and four watches and leaving in Mr. Keller's buggy. The country was aroused, but the thieves escaped.

**Two Victims of Yesterday's Storm on the Delaware.**

PHILADELPHIA, Oct. 1.—The high wind yesterday caused two boating accidents on the Delaware river which resulted in the loss of two lives. Robert Telley, aged 29, of Camden, N. J., was drowned by the capsizing of the boat in which he was sailing with four other men, and Richard Mooney, of this city, met with the same fate by the breaking of a rope, throwing him into the river from a small yacht.

**Won by De Mare.**

PARIS, Oct. 1.—In the international sculling contest at Argenteuil, yesterday, De Mare, of France, won the twenty-five kilometre race in 8 minutes and 39.1-5 seconds.

**Resigned.**

PARIS, Oct. 1.—M. De Crais, the French ambassador in London, has resigned. He will be succeeded by Baron de Courcel.

The great sensation of the day has been the rush of eager buyers to Phillips & Co.'s, Wingate Block, North Water street. The Kimball pianos and organs have fully maintained the high reputation which they have earned. We have learned that the captain's cabin on each Japanese man-of-war is supplied with a Kimball piano, and that as a rule the officers are fine performers. No wonder the Celestials are not in it.

**This Counts.**

## ENGLISH ROYALTY.

The queen of England always sleeps with her bedroom window open.

Among his many accomplishments the duke of Edinburgh can speak seven languages.

SIR EDWIN ARNOLD said the other day that he indorsed a remark once made by Chauncey M. Depew: "Fame depends on being civil to interviewers."

The duke of York has never conquered his tendency to seasickness, and although he does a great deal of yachting with his father it is not all plain sailing for him.

LORD ASKEW first met his wife on Guisachan, her father's estate, when he was a lad, and, having lost himself on the hills, begged shelter at the lodge for himself and his pony.

Here is a good story which is told of Sir Arthur Sullivan: It was at dinner, and a young lady inquired of Sir Arthur whether Bach was composing anything at present. "No," he replied; "at present he is decomposing."

The duke of York, who is an enthusiastic stamp collector, recently applied to the agent general of the colonies for specimens of the issues of their countries. In reply stamps have been sent to him by the sheet, and in some cases issues withdrawn have been reprinted for him.

The human system can endure a heat of two hundred and twelve degrees, the boiling point of water, because the skin is a bad conductor and because the perspiration cools the body. Men have withstood without injury a heat of three hundred degrees for several minutes.

## MEN OF MONEY.

WILLIAM WALDORF ASTOR has an income of eight million nine hundred thousand dollars a year.

PRINCESS TOM is an Alaska Indian woman. She is the richest of her race in the far northwest. She is a shrewd trader and wears upon her arm thirty gold bracelets made of twenty-dollar gold pieces.

M. SCHNEIDER, the head of the great Creusot foundries, was married the other day in Paris. Creusot has grown in sixty years from a village of five hundred inhabitants to a town of thirty thousand people—larger than Krupp's town of Essen.

HENRY W. CRAMP, secretary of the great Cramp Ship-building company, is an enthusiastic botanist, and is particularly interested in ferns and palms. His father, Charles H. Cramp, is said to be one of the best-posted men in the country on the commercial and utilitarian value of the various woods of the United States.

## Clinton, Missouri.

Mr. A. L. Armstrong, an old druggist and a prominent citizen of this enterprising town, says: "I sell some forty different kinds of cough medicines, but have never in my experience sold so much of any one article as I have of Ballard's Horehound Syrup. All who use it say it is the most perfect remedy for Cough, Cold, Consumption, and all diseases of the Throat and Lungs, they have ever tried." It is a specific for Croup and Whooping Cough. It will relieve a Cough in one minute. Contains no opiates. Sold by C. H. Dawson Drug Store.

THE Intermediate Christian Endeavor Society of the First M. E. church had a special service last evening at which Rev. Frank Imboden was present and in which he took part. The exercises consisted of singing and examination in the lesson of the life of Christ by St. Luke which the society is now studying.

MAMA Times: Cornelius Hoff, David Wellopp, and Z. B. Woolly came home from Iowa last Saturday. The former bought a farm of 320 acres in Sac county at \$35 per acre. David Wellopp and his brother, Frank, of Cicero, bought 340 acres at \$35 and Mr. Woolly bought a quarter section a \$26 per acre. John Hoff also bought a quarter section, paying \$30 per acre. None of the gentlemen expect to move there at present.

FRANK SKELLEY, JR., was before Justice Peddicoor Saturday night, charged with disturbing the peace. It seems that Frank was passing the Oak Grove school house where S. A. D. Gray teaches school and made a noise by yelling.

Gray swore out the warrant and Skelley was arrested by Deputy Sheriff Frank Taylor. He pleaded guilty and was fined \$5 and costs. He was allowed to depart on promise to pay. The teacher, it appears, was annoyed by the boy, who claims that he made no unusual noise and pleaded guilty as the cheapest way out of trouble.

On Sunday there was a well attended Sunday school convention in the Christian church at Niantic. It was a township gathering, but J. R. Gorin presided. S. M. Lutz led the singing. Geo. T. Tucker and T. A. Pritchett were also there from Decatur. Rev. Laycock and M. E. Lockhart, of Niantic, each made an address. There were two essays that were very good. Niantic township has three Sunday schools, and a report was given from each one. Abner Parks was elected vice president for the township, and Miss Lucy Hall secretary.

### A BUNGLING FORGERY.

One J. Miller Succeeds in Passing Bogus Checks on Decatur Merchants.

On last Friday evening about 6 o'clock a person of giving the name of J. Miller, dropped in at the Inman restaurant on South Main street and got supper. Afterwards he asked to have a three dollar check cashed stating he was at a loss to know how to spend the evening but if they would cash a check he had for \$3 he would go to the show. The check was cashed by Mr. Inman. It was signed by C. A. Traugher and made payable to J. Miller or bearer. Later it was discovered by Mr. Inman to be a forgery but the matter was not presented to the police. On Saturday Frahmman & Honiker, Chas. Dessen, George Goodman and Frank Johnson cashed similar checks. Saturday evening the same fellow dropped into Huff's restaurant on East Main street and in order to pay for a 25 cent supper presented a check for \$5.00 purporting to have been made out by Mr. Traugher. This morning Mr. Huff went to Miller's bank to make a deposit and the check was thrown out and pronounced a bungling forgery. Mr. Traugher's initials are "A. C." but Miller signed them "C. A." The check is very poorly written in work of penmanship, it being very difficult to make out his figures. He is described as being 5 feet 6 inches in height, rather slender, wearing a small moustache. He was dressed in a medium light suit and would be considered a fairly goodlooking person. He talks freely. Look out for him.

### A Crippled Bigamist.

Levi Carter, a crippled and unprepossessing man of 40 years, was arrested at Lincoln and sent to jail on a charge of bigamy. The charge was preferred by wife No. 3, who came from Jacksonville, where she married him two years ago. She was in search of a daughter bearing the name of Carter. She found a man by the name, and discovered her recalcant and last husband. Carter represented himself as a widower and won his present wife. According to his confession made last night he has had four wives. The first died in a poor house in Kansas City; the second is in Joliet prison serving a term for child poisoning; the third is the one here leading a nomadic life, and the fourth the one with whom he is living and who sought to warn him before he could be captured, but a policeman captured him in a cornfield.

## DEATH OF MRS. C. MUSSEY.

She Passed Away at an Early Hour This Morning.

Mrs. Margaret Glore Mussey, beloved wife of Charles Mussey, salesman at the Linn & Scruggs store, passed away in death at 1:15 a. m., Oct. 1, at the family home, 615 Prairie avenue in the 31st year of her age. Death was caused by Bright's disease with which the deceased had suffered for some time. However, she was not considered in a dangerous condition as she was out riding last Thursday and then appeared to be in a fair state of health. Mrs. Mussey was born at Louisville, Ky., April 15, 1864, and June 5, 1884, became the wife of Mr. Mussey. They made their home in Decatur continuously since that time, with the exception of year spent at Peoria. The deceased is survived by her husband, her father, N. S. Glore, of Chicago, two sisters, Mrs. Geo. W. Downing and Mrs. Lida Nevins, of Glendale, Ky., and a brother, Frank Glore, of Kansas City, Mo.

The announcement of the death of Mrs. Mussey will be a great shock to her many friends here and elsewhere. She was a young woman of intelligence and refinement who had a wide circle of friends who admired her and loved her as a sister. In her sickness she was hopeful of speedy improvement and had implicit faith in the benefit of treatment given her by the family physician. While in Peoria she united with the Presbyterian church. There are no children.

Mr. Mussey will have the sympathy of the entire community in his great bereavement.

The funeral will occur on Wednesday, time not fixed. The interment will be in Greenwood.

### New City Directory.

Chas. O. Ebel & Co., the directory publishers, have commenced work on their seventh issue of the Decatur City directory (1894-95). It will be the handsomest and most complete directory they have ever issued in Decatur. It will be a great advertisement of Decatur, showing it up in the best possible manner. Arrangements, in connection with the Board of Trade, have been made to place from one to twelve copies in every city of note in this and neighboring states. The Board of Trade will also furnish a complete write up of the city, showing its advantages, increase in population, business, etc., etc. None of the old features will be omitted, but several new ones added, one of which is of especial value to the business public, and that is designating house owners and renters in the street number directory. All handsomely full cloth bound, embossed in gold, and indexed. Revised city map.

### Short Order Lunches.

J. M. Huff, proprietor of the restaurant at 139 South Water street, has decided to start a lunch counter and short order house in connection with the restaurant, and will push the business for all it is worth. He has had this feature of the business in contemplation for some time, and he is completing arrangements to-day to serve the public with the best the market affords. He will be at no extra expense to keep up the lunch counter, beyond having a man in charge of it.

### Capital \$10,000.

The state certificate of the incorporation of the E. D. Bartholomew Company, to carry on the business of merchandise in queenware, chinaware, glass, house furnishing goods, toys and such other stock as may be sold in such business, was filed in the recorder's office to-day. The capital stock is \$10,000, of which Mrs. A. P. Bartholomew is the owner of ninety-eight shares, and E. D. Bartholomew and John K. Warren one share each.

Christian Endeavor Convention. A two days' county convention of Christian Endeavor Societies closed last night at the Presbyterian church in Clinton, which was filled to standing room to hear the addresses. One was delivered by President Spooner, of Chicago, an eloquent discourse by O. W. Stewart, of Eureka, and another by Miss T. B. Patterson, of Chicago. The church was beautifully decorated. Some of our Decatur endeavorers were present.

Death of G. W. Drury, Sr. Geo. W. Drury, the aged father of Dr. G. W. Drury, Jr., of Forsyth, was found dead this morning in bed at the home of his son. It is supposed his death was caused by heart disease. The funeral will take place to-morrow.

**THE Intermediate Christian Endeavor Society of the First M. E. church** had a special service last evening at which Rev. Frank Imboden was present and in which he took part. The exercises consisted of singing and examination in the lesson of the life of Christ by St. Luke which the society is now studying.

**MAHON Times:** Cornelius Hoff, David Wellogg, and Z. B. Woolly came home from Iowa last Saturday. The former bought a farm of 320 acres in Sac county at \$35 per acre. David Wellogg and his brother, Frank, of Cicero, bought 340 acres at \$35 and Mr. Woolly bought a quarter section a \$25 per acre. John Wall also bought a quarter section, paying \$30 per acre. None of the gentlemen expect to move there at present.

**FRANK SKELLEY, JR.,** was before Justice Peddecord Saturday night, charged with disturbing the peace. It seems that Frank was passing the Oak Grove school house where S. A. D. Gray teaches school and made a noise by yelling.

Gray swore out the warrant and Skelley was arrested by Deputy Sheriff Frank Taylor. He pleaded guilty and was fined \$5 and costs. He was allowed to depart on promise to pay. The teacher, it appears, was annoyed by the boy, who claims that he made no unusual noise and pleaded guilty as the cheapest way out of trouble.

On Sunday there was a well attended Sunday school convention in the Christian church at Niantic. It was a township gathering, but J. R. Gorin presided. S. M. Lutz led the singing. Geo. T. Tucker and T. A. Pritchett were also there from Decatur. Rev. Laycock and M. E. Lockhart, of Niantic, each made an address. There were two essays that were very good. Niantic township has three Sunday schools, and a report was given from each one. Abner Parks was elected vice president for the township, and Miss Lucy Hall secretary.

**ALBERT F. SMITH** addressed a largely attended prohibition meeting at Macon Saturday night. He will speak next Friday night at Beardsdale, and at a joint meeting of Prohibitionists and Populists in Sangamon county Saturday.

### A BUNGLING FORGERY.

**One J. Miller Succeeds in Passing Bogus Checks on Decatur Merchants.**

On last Friday evening about 6 o'clock a person of giving the name of J. Miller dropped in at the Inman restaurant on South Main street and got supper. Afterwards he asked to have a three dollar check cashed stating he was at a loss to know how to spend the evening but if they would cash a check he had for \$3 he would go to the show. The check was cashed by Mr. Inman. It was signed by C. A. Traugbher and made payable to J. Miller or bearer. Later it was discovered by Mr. Inman to be a forgery but the matter was not presented to the police. On Saturday Frahlman & Honiker, Chas. Dressen, George Goodman and Frank Johnson cashed similar checks. Saturday evening the same fellow dropped into Huff's restaurant on East Main street and in order to pay for a 25 cent supper presented a check for \$5.00 purporting to have been made out by Mr. Traugbher. This morning Mr. Huff went to Millikin's bank to make a deposit and the check was thrown out and pronounced a bungling forgery. Mr. Traugbher's initials are "A. C." but Miller signed them "C. A." The check is very poorly written in work of penmanship, it being very difficult to make out his figures. He is described as being 5 feet 6 inches in height, rather slender, wearing a small moustache. He was dressed in a medium light suit and would be considered a fairly good looking person. He talks freely. Look out for him.

### A Crippled Bigamist.

Levi Carter, a crippled and unprepossessing man of 40 years, was arrested at Lincoln and sent to jail on a charge of bigamy. The charge was preferred by wife No. 3, who came from Jacksonville, where she married him two years ago. She was in search of a daughter bearing the name of Carter. She found a man by the name, and discovered her recreant and last husband. Carter represented himself as a widower and won his present wife. According to his confession made last night he has had four wives. The first died in a poor house in Kansas City; the second is in Joliet prison serving a term for child poisoning; the third is the one here leading a nomadic life, and the fourth the one with whom he is living and who sought to warn him before he could be captured, but a policeman captured him in a cornfield.

## DEATH OF MRS. C. MUSSEY.

She Passed Away at an Early Hour This Morning.

Mrs. Margaret Glore Musser, beloved wife of Charles Musser, salesman at the Linn & Scruggs store, passed away in death at 1:15 a. m., Oct. 1, at the family home, 615 Prairie avenue in the 31st year of her age. Death was caused by Bright's disease with which the deceased had suffered for some time. However, she was not considered in a dangerous condition as she was out riding last Thursday and then appeared to be in a fair state of health. Mrs. Musser was born at Louisville, Ky., April 15, 1864, and June 5, 1864, became the wife of Mr. Musser. They made their home in Decatur continuously since that time, with the exception of year spent at Peoria. The deceased is survived by her husband, her father, N. S. Glore, of Chicago, two sisters, Mrs. Geo. W. Downing and Mrs. Lida Nevins, of Glendale, Ky., and a brother, Frank Glore, of Kansas City, Mo.

The announcement of the death of Mrs. Musser will be a great shock to her many friends here and elsewhere. She was a young woman of intelligence and refinement who had a wide circle of friends who admired her and loved her as a sister. In her sickness she was hopeful of speedy improvement and had implicit faith in the benefit of treatment given her by the family physician. While in Peoria she united with the Presbyterian church. There are no children.

Mr. Musser will have the sympathy of the entire community in his great bereavement.

The funeral will occur on Wednesday, time not fixed. The interment will be in Greenwood.

### New City Directory.

Chas. O. Ebel & Co., the directory publishers, have commenced work on their seventh issue of the Decatur City directory (1894-95). It will be the handiest and most complete directory they have ever issued in Decatur. It will be a great advertisement of Decatur, showing it up in the best possible manner. Arrangements, in connection with the Board of Trade, have been made to place from one to twelve copies in every city of note in this and neighboring states. The Board of Trade will also furnish a complete write up of the city, showing its advantages, increase in population, business, etc., etc. None of the old features will be omitted, but several new ones added, one of which is of especial value to the business public, and that is designating house owners and renters in the street number directory. All handsomely full cloth bound, embossed in gold, and indexed. Revised city map.

### Short Order Lunches.

J. M. Huff, proprietor of the restaurant at 129 South Water street, has decided to start a lunch counter and short order house in connection with the restaurant, and will push the business for all it is worth. He has had this feature of the business in contemplation for some time, and he is completing arrangements to-day to serve the public with the best the market affords. He will be at no extra expense to keep up the lunch counter, beyond having a man in charge of it.

### Capital \$10,000.

The state certificate of the incorporation of the E. D. Bartholomew Company, to carry on the business of merchandising in queenware, chinaware, glass, house furnishing goods, toys and such other stock as may be sold in such business, was filed in the recorder's office to-day. The capital stock is \$10,000, of which Mrs. A. P. Bartholomew is the owner of ninety-eight shares, and E. D. Bartholomew and John K. Warren one share each.
